Hickory, Dickory, Tickle and Bounce

Research shows the more you expose your baby to nursery rhymes and songs, the stronger those emerging language-learning skills will be. That's why these Mother Goose-like stories and rhymes are the main theme of this class. Plus, you'll develop research-proven communication strategies with your child through listening activities, speaking "parentese" and sign language. **Home Materials:** 33 beautifully arranged nursery rhymes and songs from class, a rhyming picture board book—*Hickory, Dickory, Tickle, and Bounce*, a set of Art Banners, and a baby fish shaker instrument for music-making at home.

Fiddle-dee-dee

We'll meet many animal characters in our books, activities, and songs—each specifically chosen for a toddler's emerging interests and physical skills. With silly, bumpy lap bounces we'll help toddlers develop rhythm while further developing their ever-emerging language skills. With a special stringed instrument emphasis in the music from class, parents can bring home the violin, cello, and orchestra sounds to help their toddlers stay happy and engaged learners at home, too. **Home Materials:** Access to class music; two interactive storybooks—*This Little Piggy Played the Fiddle* and *Animal Serenade* to develop early literacy skills; a Home Activity Book; a pair of green Fiddlestick instruments; all packaged in a dog-house shaped carry box.

The Rhythm of My Day

This class will help you bring more rhythm and routine to your baby's day, as well as help develop lasting learning skills. We'll show you how and tell you why music can help your little one soothe into the day's schedule and help build a strong body and mind network for learning. You can bring home those same stress-free play and relaxation techniques from class, and incorporate them into your daily routines. **Home Materials:** Music from 27 beautifully arranged songs from class, *The Rhythm of My Day*—a colorful picture board book with class themes, a set of Art Banners, and a young maestro tambourine instrument for music-making at home.

For A Child's Brain, Body, Heart & Soul.

*No classes Spring Break: March 11-18, 24
& Easter Break: April 18-22

Cities! Busy Places Friendly Faces

In this unit, sidewalks, elevators, skyscrapers, and world-traveling photographers are the theme. Learning through the pretend play that preschoolers adore, we'll be rhythmically busy playing storytelling games and handcrafting city "buildings" from wax paper at home so we can make a cityscape in class! Plus every activity has some at-home adaptations so the parent can take part in the learning. With a pair of resonator bars as a featured instrument, and a multicultural, jazzy collection of music, preschoolers will develop the social and intellectual skills they'll need in school. **Home Materials:** Two literature books—*Razupazu Toto* and *Down Our Street*, Cities! game board set (pretend play manipulative component), Home music featuring a collection of multicultural and jazzy music heard in class, a Family Activity Book, a pair of resonator bars with mallets as the featured instrument, all packaged in an optional *Imagine That!* backpack.

Class schedule is subject to change.
